MPS Awareness Day is May 15!

International MPS Awareness Day is a day to come together as a community in order to spread awareness and help make a difference in the lives of those affected by MPS.

On MPS Awareness Day, we

- Remember all of the children and adults who suffer from MPS and related diseases
- Think about the doctors and scientists who are dedicated to finding a cure
- Appreciate each other and the support and strength we all give and receive

**Remember to mark your calendars and observe
MPS Awareness Day!**

Connect with us on YouTube and Facebook.

Thank you from all of us at **Morquiosity.com** and **BioMarin** for doing your part in strengthening the Morquio A community.
